

JOIN THE LARGE-SCALE SKILLS PARTNERSHIP (LSP) FOR THE LONG-TERM CARE (LTC) SECTOR.

www.care4skills.eu

"The LSP for the long-term care sector is the 16th skills partnership under the Pact for Skills, a flagship initiative under the European Skills Agenda. It contributes to the European Year of Skills and to the EU headline target that by 2030, at least 60% of all adults should participate in training every year."

The project Care4Skills

Upon the foundation of the Skills Partnership for Long-Term Care, the project Care4Skills was built with 27 partners, aiming at **providing LTC workers with the tools and resources to adapt to evolving care demands and improve care quality across Europe.**

Why to be involved?

The partnership will host regular **networking events, workshops, and working groups meetings**, providing a platform for members to share insights, experiences, and best practices. This will allow you to:

- Expand your **network**;
- Access to cutting-edge **resources** like training for the workforce and research, guidance, networking and knowledge hubs;
- Have **policy influence**;
- Visibility and **recognition of your work**.

Working Groups

Person-Centred Care

Focus on the Enhancement of person-centred approaches and soft skills in LTC.

Digital Skills of LTC Workforce

Focus on the development and implementation of digital training programs for LTC professionals.

Research & Innovation within the LTC sector

Focus on research and fostering innovation within the LTC sector.
